

MUD 113 NEWSLETTER

August, 2017

Website Improvements

We want to make you aware of enhanced capabilities that are now available on the MUD 113 website www.mcmud113.com. Please visit the website and peruse all its features.

If this is your first time on the site, please respond positively to the pop-up that asks permission to use your email address for sending out Newsletters and other information as an email blast. We are also requesting that you furnish us with your cell phone number so that we may send out text messages. This feature would be used for communicating more urgent information on a timely basis. Examples would be changes in road conditions, weather related occurrences in or near Woodforest, or changes in utilities and services furnished by the District. We need your help to reach the broadest resident base possible.

The District respects your privacy. Your contact information will not be used for any purpose other than to communicate with you regarding District news and events.
